

RSVP Volunteer Center

Description:

The RSVP Volunteer Center provides essential "can do" volunteer support for nonprofit agencies throughout Manitowoc County ? agencies that would otherwise be severely understaffed and unable to deliver many needed services. The Center specializes in mobilizing the right people and resources needed to solve community problems. The RSVP Volunteer Center recruits and links volunteers of all ages to on-going volunteer opportunities. The program also offers the option of volunteering on a short-term basis, like special projects and events, for those who don't have a lot of time to give but still want to help. Individuals, families, and groups that want to volunteer are encouraged to contact the Center for assistance with finding the right kind of volunteer opportunity to match their particular interests, talents, and capacity to serve. The "CAN DO" spirit of volunteering is growing in Manitowoc County. The combined efforts of the volunteers have a profound impact on countless lives. Nevertheless, the need remains great and the choices are many, so please consider sharing your unique gifts and release the "can do" spirit within you. Call today!
